AN ORDINANCE to amend Chapter XXXIII by striking out the whole of said Chapter and inserting in place thereof the following;

Be it ordained by the City Councils of the City of Keene, as follows:

Section 1. All reservations and arrangements for the use of City Hall shall be made with the City Messenger, who is hereby authorized to collect a deposit of not over twenty-five percent of the total rental at the time of the making of the reservation, which deposit may be forfeited in case of cancellaion.

Section 2. The rates for the rental of City Hall shall be as follows:

Use of City Hall from 6 o'clock p. m. to 12 midnight, requiring two stage men and one police officer. $30.00 per night.

Use of City Hall from 6 o'clock p. m. to 12 midnight, requiring two stage men, one police officer and ushers. $35.00 per night.

Use of City Hall for matinees. $25.00 per afternoon

Use of City Hall for rehearsals. $25.00 per day.

Use of City Hall from 6 o'clock p. m. to 12 midnight, for wrestling or boxing bouts. $40.00 per night.

Use of City Hall after 12 midnight for all rentals there shall be an extra charge of $5.00 per hour; use of hall for decorating $3.00 per day.

Section 3. The free use of City Hall shall be granted to the Veterans of the Grand Army of the Republic for Memorial Day, and to the American Legion for Armistice Day, but to no other person or organization.

Section 4. No person shall smoke in City Hall or in the rooms or entrances adjoining the same (except that in case of meals attended principally by men, permission may be given by the City Messenger), or throw matches, nut shells, or other rubbish upon the floor, or deface the walls or ceiling, or drive nails into the wall or ceiling for the purpose of decorating the hall, or stand upon the seats or stand about the doorways or upon the stairs, or create any disturbance in said hall during any occupancy of the same, or affix bills upon any part of the city hall building except upon the boards erected for that purpose. Any person violating any of the provisions of this section shall be fined not more than ten dollars for each offence.

Passed March 20, 1941.

AN ORDINANCE amending Chapter I, Section 14 of the City Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows:

That the fifth line of Section 14 of Chapter I be amended by adding after the words "appropriations" the words "for all municipal departments."

That the ninth line of Section 14 of Chapter I be amended by inserting after the word "department" the words "including the water department," so that said section as amended shall read as follows:

Section 14. The committee on finance shall annually, in the month of December prepare and lay before the City Councils an estimate of the amount of money necessary to be raised for the ensuing financial year, under the various heads of appropriations for all municipal departments, and the various means of raising the same, and shall also prepare and lay before the City Councils a statement of all receipts and expenditures of the preceding financial year, giving in detail the amount of appropriation and expenditure for each department, including the water department; and said statement shall be accompanied with a schedule of property, real and personal, belonging to the City, and the value thereof and the amount of the city debts.

Further amend said ordinance by adding thereto the following section:

Section 2. An ordinance to amend Chapter I, Section 14, passed February 15, 1940, is hereby repealed.

Passed April 3, 1941.

West Concord, Mass., March 14, 1941.

To the City Councils of the City of Keene:

City Councils
Keene, N. H.

I desire to give $100 as a trust fund to the City of Keene for the purpose of caring for a lot consisting of two graves in which my grandfather and grandmother, Atwell and Nancy Ellis are buried. These lots are situated in Greenlawn Cemetery, No. 95, adjoining the former Elgin A. Jones property. As there are but two graves in the lot, $100 would seem to be adequate. I wish the income used annually for the purpose stated.

Yours very truly,

MYRTLE E. ROBERTSON.

A JOINT RESOLUTION relating to the Myrtle E. Robertson Cemetery Fund.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene by its councils, hereby accepts the Myrtle E. Robertson Cemetery Fund of One Hundred Dollars, in trust, however, the income to be used for the care of Lot No. 95 in Greenlawn Cemetery.

The City Clerk shall receipt for said fund which shall be invested by the Trustees of Trust Funds according to law.

CITY OF KEENE

In the year of our Lord one thousand nine hundred and forty-one.

AN ORDINANCE amending the Zoning Ordinances.

Be it ordained by the City Councils of the City of Keene, as follows: That the Zoning Ordinance, passed December 2, 1926, be amended so as to read as follows:

AMENDED ZONING ORDINANCE

SECTION 1. ESTABLISHMENT OF DISTRICTS

A. The City of Keene is hereby divided into six classes of districts, to be known as

1. Single residence districts,
2. Agricultural districts,
3. General residence districts,
4. Business districts,
5. Industrial districts,
6. Unrestricted districts,

B. The boundaries of these districts shall be the boundary lines laid down upon a map entitled "AMENDED ZONING MAP OF THE CITY OF KEENE," filed in the office of the City Clerk, which map, including all the boundary lines and designations thereon, is hereby made a part of this ordinance.

USE REGULATIONS

SECTION 2. SINGLE RESIDENCE DISTRICTS

In the single residence districts, no building or structure shall be erected, constructed, reconstructed, altered, repaired, or used and no land shall be used for any purpose except one or more of the following specific uses:

A. Single family detached house; provided that a single family house, existing as such at the time this amended ordinance takes effect, may be reconstructed, altered, repaired, and used as a residence for not more than two families under the following conditions:

1. No third floor shall be designated or occupied as an apartment, or used for cooking or other living purposes except for sleeping rooms, unless such third floor has been provided with two independent and widely separated egress stairways, located inside the building, and extending from the third floor down to separate outside doors at the first floor level.
2. A double or semi-detached house shall be considered as a house already containing two families, and shall not be occupied by more than one family in each half or unit of such house unless, at the time this amended ordinance takes effect, the two halves or units are separately owned, located on separate lots of land, and are divided by a permanent, unpierced part wall.
3. Garages, stables, and other accessory buildings, if detached from the main house, shall not be occupied by more than one family.
4. Garages, stables, and other accessory buildings, if attached to a dwelling in any manner, shall be regarded as part of such house for the purposes of this paragraph, and the entire building shall only be occupied by two families, unless the accessory building is separated from the main house by an unpierced party wall, so constructed as to resist fire to the satisfaction of the Inspector of Buildings, in which case the accessory building can be occupied by a single family in addition to not more than two families in the main house.
5. The area of the main building of a dwelling house, about to be altered so as to contain two families, shall not be increased over the area occupied at the level of the first floor.

B. Boarding house, furnished room house, or accommodations for tourists or overnight guests; provided that, if a house already contains two families, no rooms shall be rented out unfurnished or for light housekeeping;

C. Church or other place of worship;

D. Public school or other public building or use conducted by the city, county, state, or national government;

E. Private school, college, library, museum, or other building or use of an educational or historical character;

F. Club, fraternity, or similar organization, but no club or organization the chief activity of which is a service customarily carried on as a business;

G. Public or semi-public institution of philanthropic, charitable, or religious character, but not a correctional institution;

H. Hospital, sanitarium, or other medical institution;
I. Cemetery;
J. Park, playground, golf course, or other recreational use;
K. Private garage or private stable;
L. Such accessory uses as are customary in connection with the foregoing uses, and are incidental thereto, but not including any business. Accessory uses may inlude the practice of a profession within the premises in which the practitioner resides, and also dressmaking, millinery, and similar home occupations not conducted as a regular business and employing no help other than members of the immediate family living on the premises.
M. No sign, billboard, poster, or other advertising device shall be permitted, maintained, or displayed in single residence districts, except
   1. Signs indicating a legal accessory use on the premises, such as the practice of a profession;
   2. Signs indicating that the premises, or any part thereof, are for sale or to let, or that accommodations are furnished for tourists or overnight guests;
   3. Signs indicating a legal non-conforming use upon the premises, existing at the time this amending ordinance takes effect, except that such signs shall advertise only the non-conforming use, and shall contain no other advertising matter.

SECTION 3. AGRICULTURAL DISTRICTS

H. Waterworks, water storage, flood control works, water power, and buildings and structures for the cutting and storage of ice;
I. Tourist cabins and camps;
J. Recreational camps;
K. Business garage and business stable, with the necessary tanks and pumps;
L. Such accessory uses as are customary in connection with the foregoing uses and are incidental thereto.
M. No sign, billboard, poster, or other advertising device shall be permitted, maintained, or displayed in agricultural districts, except
   1. Signs indicating a legal accessory use on the premises;
   2. Signs indicating that the premises, or any part thereof, are for sale or to let, or that accommodations are furnished for tourists or overnight guests;
   3. Signs indicating a legal non-conforming use upon the premises, existing at the time this amending ordinance takes effect, except that such signs shall advertise only the non-conforming use, and shall contain no other advertising matter;
   4. Signs, billboards, posters, or other advertising devices, if authorized by the Board of Adjustment for periods of not more than two years at a time, and if permission is granted under such conditions as to location and size as not to distract the attention of operators of

motor vehicles, or to obstruct the view of the road, or otherwise to be objectionable or dangerous.

N. No use shall be conducted or extended in any agricultural district which would be injurious, obnoxious, or offensive to the neighborhood.

SECTION 4. GENERAL RESIDENCE DISTRICTS

In the general residence districts, no building or structure shall be erected, constructed, reconstructed, altered, repaired, or used and no land shall be used for any purpose except one or more of the following specific uses;

A. Any purpose or accessory use authorized in the single residence districts;

B. Detached dwelling-house for not more than two families, including double house, semi-detached house, or two apartment house, except that the Board of Adjustment, as hereinafter provided, may permit the alteration and occupation of a dwelling house, existing as such at the time this amended ordinance takes effect, for not more than four families;

C. Group house, consisting of three or more contiguous single family houses, separated by party walls, on condition that the houses in each group are all kept in one ownership, and that a side yard is provided and maintained at each end of each group;

D. Group garage for not more than three motor vehicles;

E. Such accessory uses as are customary in connection with the foregoing uses and are incidental thereto, but not including any business. Accessory uses may include the practice of a profession within the premises in which the practitioner resides, and also dressmaking, millinery, and similar home occupations not conducted as a regular business and employing no help other than members of the immediate family living on the premises.

F. No sign, billboard, poster, or other advertising device shall be permitted, maintained, or displayed in general residence districts, except

1. Signs indicating a legal accessory use on the premises, such as the practice of a profession;
2. Signs indicating that the premises, or any part thereof, are for sale or to let, or that accommodations are furnished for tourists or overnight guests;
3. Signs indicating a legal non-conforming use upon the premises, existing at the time this amending ordinance takes effect, except that such signs shall advertise only the non-conforming use, and shall contain no other advertising matter.

SECTION 5. BUSINESS DISTRICTS

In the business districts, no building or structure shall be erected, constructed, reconstructed, altered, repaired, or used and no land shall be used for any purpose except one or more of the following specified uses:

C. **Rear yards:** No dwelling house shall be erected, constructed, reconstructed, altered, or repaired so that any part is located less than ten feet from the rear lot line of any interior lot, or from the shorter lot line of a rectangular corner lot, or from either lot line of a square corner lot.

D. **Accessory buildings:** No detached private garage, or other accessory building, shall be erected, constructed, reconstructed, altered, or repaired so as to be less than fifteen feet from the street line of any public or private street, or less than two feet from any side or rear lot line, or less than six feet from any dwelling house on the same lot, provided that a private garage may be constructed as part of a dwelling house.

E. **Minimum area of lot:** No dwelling house shall be erected on a lot whose area is less than four thousand square feet, and, in case more than one dwelling house is proposed to be constructed upon a single lot, the total area of the lot shall be not less than four thousand square feet for each family to be accommodated upon the lot; provided that, where a lot at the time of passage of this amended ordinance contains less than four thousand square feet, but not less than three thousand square feet, such lot may be occupied by a single family dwelling house.

F. **Percentage of lot occupied:** No building or buildings on any one lot shall be erected, constructed, reconstructed, altered, or repaired so as to occupy, singly or collectively, at the level of the first floor, or above, except for uncovered porches or steps, more than forty per cent. of the area of the lot.

SECTION 13. GENERAL RESIDENCE DISTRICTS.

A. **Front yards:** In the general residence districts, no building shall be erected, constructed, reconstructed, altered, or repaired so that any part, except uncovered steps, is located less than ten feet from the street line of any public or private street.

B. **Side yards:** No dwelling house shall be erected, constructed, reconstructed, altered, or repaired so that any part is located less than five feet from any side lot line, or less than ten feet from any other dwelling house on the same lot; provided that these provisions shall not apply to party or division walls of double houses, semi-detached houses, or group houses.

C. **Rear yards:** No dwelling house shall be erected, constructed, reconstructed, altered, or repaired so that any part is located less than ten feet from the rear lot line of any interior lot, or from the shorter lot line of a rectangular corner lot, or from either lot line of a square corner lot.

D. **Accessory buildings:** No detached private garage, or other accessory building, shall be erected, constructed, reconstructed, altered, or repaired so as to be less than ten feet from the street line of any public or private street, or less than two feet from any side or rear lot line, or less than six feet from any dwelling house on the same lot; provided that a private garage may be constructed as part of a dwelling house.

E. **Minimum area of lot:** No dwelling house shall be erected on a lot whose area is less than three thousand square feet, and, in case more than one dwelling house is proposed to be constructed upon a single lot, the total area of the lot shall be not less than one thousand five hundred square feet for each family to be accommodated upon the lot, provided that, where a lot at the time of passage of this amended ordinance contains less than three thousand square feet, but not less than two thousand five hundred square feet, such lot may be occupied by not more than two families.

F. **Percentage of lot occupied:** No building or buildings on any one lot shall be erected, constructed, reconstructed, altered, or repaired so as to occupy, singly or collectively, at the level of the first floor, or above, except for uncovered porches or steps, more than fifty per cent. of the area of the lot.

SECTION 14. BUSINESS, INDUSTRIAL, AND UNRESTRICTED DISTRICTS

Percentage of lot occupied: No building or buildings on any one lot shall be erected, constructed, reconstructed, altered, or repaired so that any story designed or intended to be used for living purposes shall occupy more than sixty per cent, of the area of an interior lot, or more than eighty per cent, of the area of a corner lot.

SECTION 15. OUTSIDE WINDOWS

No building in any district shall be erected, constructed, reconstructed, altered, or repaired so that any room in which any person lives or sleeps shall be without one window, with an area of not less than ten square feet, which opens directly on the outside air, and has an unoccupied space directly opposite such window and at right angles to it of not less than five feet.

SECTION 16. REDUCTION OF LOT AREA

No lot shall be so reduced in area or in its dimensions that

A. The distances between buildings and street lines or lot lines or between buildings on the same lot, are less than the distances required under the provisions of this ordinance;

B. The area of the lot per family is less than the area required;

C. The percentage of the lot area occupied at the level of any floor is greater than the percentage permitted;

D. The unoccupied space opposite any window of a room used for living purposes is less than the space required.

GENERAL AND ADMINISTRATIVE REGULATIONS

SECTION 17. DISTRICT BOUNDARIES

The location of the boundary lines shown upon the zoning map which accompanies and is part of this ordinance shall be determined as follows:

A. Where the boundary lines are shown upon the map within the street lines of public or private streets or ways, the center lines of such streets or ways shall be the boundary lines.

B. Where the boundary lines are shown approximately on the location of property or lot lines and the exact location of such boundary lines is not indicated by means of figures, distances, or otherwise, then the property or lot lines shall be the boundary lines.

C. Boundary lines located outside of street lines and shown approximately parallel thereto, shall be regarded as parallel to such street lines; and figures placed upon the map between such boundary lines and the street lines shall be the distances in feet of such boundary lines from the street lines, such distances being measured at right angles to the street lines, unless otherwise indicated.

D. In all cases which are not covered by the provisions of this section, the location of boundary lines shall be determined by the distances in feet, if given, from other lines upon the map; or, if no distances are given, then by the scale of the map.

E. Wherever any uncertainty exists as to the exact location of a boundary line, the location of such line shall be determined by the Inspector of Buildings.

SECTION 18. DEFINITIONS

The following terms, when used in this ordinance, shall have the meanings respectively given them:

A. **Parking lot:** A parking lot is a plot of ground where motor vehicles are stored exclusively in the open air.

B. **Private garage:** A private garage is a building or structure, or part thereof, in which not more than three motor vehicles, belonging to not more than two persons, one of whom, at least, is the owner or a tenant of the premises, one of which motor vehicles may be a commercial vehicle of not more than one and one-half tons capacity, are kept solely for the private or professional use of their owners, and in which garage no space is rented out for a commercial vehicle, nor to more than one person other than the owner or a tenant of the premises.

C. **Private stable:** A private stable is a building or structure, or part thereof, in which one or more horses, belonging to not more than two persons, one of whom, at least, is the owner or a tenant of the premises, are kept solely for the private or professional use of their owners, and in which stable no space is rented out to more than one person other than the owner or a tenant of the premises.

D. **Group garage:** A group garage is a building or structure, or part thereof, in which not more than three motor vehicles are stored and taken care of by their respective owners, who are either owners or tenants of the space in which their motor vehicles are stored, all of which motor vehicles are solely for the private or professional use of their owners, no person storing more than one commercial vehicle in the space which he owns or rents, nor a commercial vehicle of more than one and one-half tons capacity, nor one owned by any one except himself.

E. **Business garage:** A business garage is a building or structure, or part thereof, in which one or more motor vehicles, belonging to the owner or a tenant of the premises, are kept for the use of such owner or tenant, for the carrying of loads other than passengers for profit, for any work in connection with the business of the owner of such motor vehicles, which may be kept for sale, for exhibition, or for demonstration purposes, but not for hire. A salesroom or showroom for motor vehicles in which any vehicle is kept with gasoline in its tank shall be classed as a business garage, and also any building in which motor vehicles are kept in dead storage for profit.

F. **Business stable:** A business stable is a building or structure, or part thereof, in which one or more horses, belonging to the owner or a tenant of the premises are kept for the use of such owner or tenant, for the carrying of loads other than passengers for profit, for any work in connection with the business of the owner of such horses, which may be kept for sale, but not for hire.

G. **Public garage:** A public garage is any building or structure, or part thereof, in which motor vehicles are kept in live storage for profit, for the carrying of passengers for profit, for hire, or for any other purpose not included in the definition of a private garage, group garage, or business garage.

H. **Public stable:** A public stable is any building or structure, or part thereof, in which horses are kept for profit, for the carrying of passengers for

profit, for hire, or for any other purpose not included in the definition of a private stable or a business stable.

I. **Filling station:** A filling station is a building or structure, or part thereof, or any premises, used in connection with tanks, pumps, and other appliances for supplying motor vehicles with gasoline, compressed air, oil, water, and similar supplies for profit, but not used for the purpose of making repairs.

J. **Service station;** A service station is a building or structure, or part thereof, or any premises, used for supplying accessories to or parts of motor vehicles for profit, with facilities for making minor changes and adjustments to motor vehicles, but not structural changes or repairs, nor doing work involving the use of machinery.

K. **Garage repair shop:** A garage repair shop is a part of a public garage where only minor structural repairs are made to motor vehicles for profit, by means of lathes, vises, hand or foot operated machinery, but not by means of heavy machinery.

L. **Motor vehicle repair shop:** A motor vehicle repair shop is a building or structure, or part thereof, in which major structural repairs are made to motor vehicles, or is a repair shop in a garage or other building or structure in which heavy machinery is used. An automobile school shall be regarded as a motor vehicle repair shop.

M. **Non-conforming building or structure:** A non-conforming building or structure is a building or structure the use of which, in whole or in part, does not conform to the use regulations of the district in which the building or structure is located.

N. **Non-conforming use:** A non-conforming use is a use which does not conform to the use regulations of the district in which such use exists.

SECTION 19. BOARD OF ADJUSTMENT

A. The Board of Adjustment shall consist of five members, to be elected by the City Councils in joint convention in January of each year, for the term of five years.

On the date of the expiration of the terms of the present members of the Board of Adjustment the City Councils shall elect one member for a term of one year; one member for a term of two years; one member for a term of three years; one member for a term of four years and one member for a term of five years and thereafter shall elect annually one member for a term of five years. Said members shall be removable by the City Councils upon written charges and after public hearing. Vacancies shall be filled for the unexpired term.

B. The Board of Adjustment shall act as provided in the Public Laws of New Hampshire, and may, according to such laws, in appropriate cases, as hereinafter provided, and subject to appropriate conditions and safeguards, make special exceptions to the terms of this ordinance, in harmony with its general purpose and intent, and in accordance with general and specific rules herein contained.

C. The Board shall adopt rules of procedure for the purpose of carrying out the provisions of this ordinance. Meetings of the Board shall be held at the call of the chairman and at such other times as the Board may determine. Such chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the Board and shall be a public record.

D. Appeals to the Board of Adjustment may be taken by any person aggrieved or by any officer, department, board, or bureau of the City of Keene affected by any decision of the Inspector of Buildings. Such appeal shall be taken within a reasonable time, as provided by the rules of the Board, by filing with the Inspector of Buildings and with the Board of Adjustment a notice of appeal specifying the grounds therefor. The Inspector of Buildings shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

E. An appeal stays all proceedings under the action appealed from, unless the Inspector of Buildings certifies to the Board of Adjustment after notice of appeal shall have been filed with him that by reason of facts stated in the certi-

ficate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board or by the Superior Court on application on notice to the Inspector of Buildings and on due cause shown.

F. The Board of Adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as notice to the parties in interest, and decide the same within a reasonable time. In the case of a zoning appeal, consisting of an application for any variation under the provisions of this ordinance, in addition to any other notice required by the Board, written notice of the date of any public hearing shall be given by the applicant to all owners of property within two hundred feet of the premises where the variation is applied for at least ten days before the date of the public hearing.

G. The Board of Adjustment shall have the following powers:

1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Inspector of Buildings in the enforcement of this ordinance.
2. To hear and decide special exceptions to the terms of this ordinance, as provided in Section 20.
3. To authorize upon appeal in specific cases such variance from the appeal in specific cases such variance from the terms of this ordinance as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.

H. In exercising its powers, the Board of Adjustment may, in conformity with the provisions of this ordinance, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make such order or decision as ought to be made, and to that end shall have all the powers of the Inspector of Buildings.

I. The concurring vote of three members of the Board shall be necessary to reverse any action of the Inspector of Buildings, or to decide in favor of the applicant on any matter upon which the Board is required to pass under the provisions of this ordinance, or to effect any variation in this ordinance.

J. Any permit for a variation hitherto or hereafter granted by the Board of Adjustment, shall be void if work has not been begun within six months from the date of the action of the Board and completed within one year from the date of such action, or within such lesser time as prescribed by the Board.

SECTION 20. SPECIAL EXCEPTIONS BY THE BOARD OF ADJUSTMENT

The Board of Adjustment shall have the power to hear and decide the following special exceptions to the terms of this ordinance, in doing which the Board may, in appropriate cases and subject to appropriate conditions and safeguards,

A. In a general residence district, permit the reconstruction, alteration, repair, and use of a dwelling house, existing as such at the time this amended ordinance takes effect, as a residence for not more than four families, provided that

1. The Board finds that the original building can no longer be used at a reasonable expense or at a fair financial return for a use permitted in the district;
2. Not more than one family shall occupy the third floor of any dwelling house, and no third floor shall be designed or occupied as an apartment for even one family unless it has been provided with two independent and widely separated egress stairways, located inside the building, and extending from the third floor down to separate outside doors at the first floor level.
3. In a dwelling house altered over by permission of the Board of Adjustment, no rooms shall be rented out unfurnished or for light housekeeping, so that there are at any time in the house a larger number of families than the number permitted by the Board.
4. A double or semi-detached house shall be considered as a house already containing two families, and shall not be permitted to be occupied by more than two families in each half or unit of such house unless, at the time this amended ordinance takes effect, the two halves or units of such a double or semi-detached house are in

separate ownership, or separate lots of land, and are divided by a permanent unpierced party wall.

5. Garages, stables, and other accessory buildings, if detached from the main house, shall not be occupied by more than two families.
6. Garages, stables, and other accessory buildings, if attached to a dwelling house in any manner, shall be regarded as part of such house, for the purposes of this paragraph, and the entire building can only be permitted to be occupied by four families, unless the accessory building is separated from the main house by an unpierced party wall, so constructed as to resist fire to the satisfaction of the Inspector of Buildings, in which case the accessory building can be permitted to be occupied by two families, in addition to not more than four families in the main house.
7. The area of the main building of a dwelling house about to be altered so as to contain more than two families, shall not be increased over the area occupied at the level of the first floor.

B. In an agricultural district, permit signs, billboards, posters, or other advertising devices for periods of not more than two years at a time, under such conditions as to location and size as not to distract the attention of operators of motor vehicles, or to obstruct the view of the road, or otherwise to be objectionable or dangerous.

C. In a business district, permit uses in addition to those specifically permitted, provided that the Board finds that

1. The proposed use is similar to one or more of the uses already authorized in business districts;
2. The exclusion of such additional use would involve practical difficulty or unnecessary hardship;
3. Such additional use would not reduce the value of any property within the district, nor otherwise be injurious, obnoxious, or offensive to the neighborhood.

D. In a business district, permit a parking lost, a lot for the sale of used cars, business garage, business stable, public garage, public stable, filling station, service station, garage repair shop, or motor vehicle repair shop, and in an industrial district, a public garage or filling station; provided that

1. A permit for a parking lot or lot for the sale of used cars shall be granted only for a period of two years at a time;
2. Every permit shall be subject to any approval required by the board of Mayor and Aldermen under the Building Ordinances;
3. The Board of Adjustment shall find that the location is a suitable one, not injurious to the neighborhood and that appropriate conditions and safeguards are imposed for the adequate protection of the neighborhood.

E. In a business district, permit a larger floor space or area of land than two thousand square feet, provided that the Board finds that the deprivation of the larger space would involve practical difficulty or unnecessary hardship, and that a large space devoted to manufacturing would not reduce the value of any property in the neighborhood, nor otherwise be injurious, obnoxious, or offensive to the neighborhood.

F. In an industrial district, permit the storage and baling of junk, scrap paper, or rags and the storage of discarded motor vehicles, or parts thereof, provided that the Board finds that the location is a suitable one, that the neighborhood will not be injured, and that appropriate conditions are imposed for the adequate protection of the neighborhood against danger from fire, unsightly appearance, and any other objectionable feature.

G. In an unrestricted district, permit the erection, construction, and use of a building or structure as a dwelling house, provided that the Board

1. Shall find that the location and the plans for the building or structure proposed to be used as a dwelling house are such as to insure there will be no injury to the health and morals of the occupants, or to the health, morals, and general welfare of the public;
2. Shall impose appropriate conditions and safeguards for protecting the occupants, the neighborhood, and the public.

H. Permit the extension of an existing or a proposed building and use into a more restricted district, under such specific conditions as will safeguard the

character of the more restricted district and the neighborhood; provided that no boundary line an be changed under the provisions of this paragraph.

I. Where premises are devoted to a non-conforming use, permit the alteration or extension of an existing building or structure, or the construction of a new building or structure, and the extension of the existing use, where the circumstances appear to require such alteration, construction, or extension of any building or structure or use, and the failure to act would result in practical difficulty or unnecessary hardship; provided that no non-conforming use shall be extended so as to injure the neighborhood, which shall be adequately protected by the imposition of specific conditions and safeguards.

J. Where the literal application of the height regulations would result in practical difficulty or unnecessary hardship, permit a greater height in feet, but not in stories, under adequate conditions for the protection of the neighborhood against fire or any other danger.

K. Where the literal application of the area regulations would result in practical difficulty or unnecessary hardship, permit specific exceptions to such area regulations under adequate conditions for the protection of the neighborhood against danger from fire and for safeguarding health and general welfare.

L. In undeveloped sections of the city, under proper restrictions, grant temporary permits for buildings, structures, and uses not authorized by this ordinance in the particular district, for a period of not more than two years at a time, which permits may be renewed at each expiration date, unless conditions in the neighborhood have so changed as to make the renewal of a permit undesirable or detrimental to the neighborhood.

SECTION 21. ENFORCEMENT

A. The Inspector of Buildings shall enforce the provisions of this ordinance, except when otherwise provided, and in so doing he shall have the same powers as are provided for enforcing the Building Ordinances. No building or structure shall be erected, constructed, reconstructed, altered, or repaired and no building, structure, or land shall have its use changed without the approval of the Inspector of Buildings, which approval shall only be given if the proposed erection, construction, reconstruction, alteration or repair of any building or structure or the change of use of any building, structure, or land is in accordance with the provisions of this ordinance and of the Public Laws of New Hampshire relating to zoning.

B. Annually, before the first day of December of each year, the Inspector of Buildings shall inspect all buildings, structures, and occupied land in the city to determine whether the buildings, structures, and land of each owner comply with the requirements of this ordinance. Said Inspector shall make a written report to the Mayor on the first day of December of all the violations of the provisions of this ordinance found during the preceding year in the city, and what action is being taken to remove each violation. Such report shall be included in the annual report of the Inspector of Buildings to the Mayor and Board of Aldermen, and shall be printed in the annual report of the City of Keene. Members of the Fire Department, Police Department, and other city departments shall promptly report to the Inspector of Buildings any violations of this ordinance which they observe.

C. Whenever the Inspector of Buildings finds any violation of the provisions of this ordinance, or of any of the conditions laid down by the Board of Adjustment in deciding any case or in granting any permission or in making any variation from the terms of this ordinance, he shall at once issue an order for the removal of the violation by the party responsible for the violation, and, if such violations is not removed within fifteen days from the date of his order, he shall report the case to the City Solicitor, who shall promptly institute appropriate action or proceedings to prevent such unlawful action, to restrain, correct, or abate such violation, to prevent the illegal occupancy of any building, structure, or land or any illegal act or use in or about the premises.

D. On the first day of December of each year, the City Solicitor shall make a written report to the Mayor on all the violations which have been referred to him for action during the preceding year, what action has been taken on each violation, and the disposition of each case, and such report shall be printed in the annual report of the City of Keene.

E. Any and all persons who shall erect, construct, reconstruct, alter, or repair any building or structure or change the use of any building, structure, or

land without the approval of the Inspector of Buildings, or otherwise in violation of any of the provisions of this ordinance, or without obtaining any permission required from the Board of Adjustment, or who shall violate any of the conditions laid down by the Board of Adjustment, or shall fail to obey any order of the Inspector of Buildings to comply with the provisions of this ordinance, shall severally for each and every such violation and non-compliance respectively, forfeit and pay a penalty in the sum of twenty (20) dollars. The imposition of one penalty for any violation of this ordinance shall not excuse the violation or permit it to continue, and all such persons shall be required to correct or remedy such violations within a reasonable length of time, and each ten days that prohibited conditions are maintained shall constitute a separate offense.

SECTION 22. CHANGES

The regulations and restrictions contained in this ordinance, together with the boundaries as laid down upon the amended Zoning Map, may from time to time be amended or repealed by the City Councils, in accordance with the provisions of the Public Laws of New Hampshire relating to zoning. No regulation, restriction, or boundary shall be altered by the City Councils until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen days' notice of the time and place of such hearing shall be published in a paper of general circulation. In case of a protest against such change, signed by the owners of twenty per cent, either of the area of the lots included in such proposed change, or of those immediately in the rear thereof extending one hundred feet therefrom, or of those directly opposite thereto extending one hundred feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three-fourths of all the members of the City Councils.

SECTION 23. EXISTING ORDINANCES

Nothing contained in this ordinance shall be construed as repealing or modifying any existing ordinance or regulation of the city, but shall be in addition thereto. This ordinance shall not be construed to affect the Building Ordinances, which shall remain in full force and independent thereof. This ordinance shall not be construed to affect the Building Ordinances, which shall remain in full force and independent hereof. Wherever the provisions of this ordinance differ from those prescribed by any statute, ordinance, or other regulation, that provision which imposes the greater restriction or the higher standard shall govern.

SECTION 24. INVALIDITY

The invalidity of any section or provision of this ordinance, or of any district or part thereof as laid down upon the Amended Zoning Map, shall not affect the validity of any other section or provision of the ordinance, or of any other district or part thereof as laid down upon the Amended Zoning Map.

SECTION 25. EFFECTIVE DATE

This ordinance shall take effect upon its passage.

PUBLIC WORKS DEPARTMENT

REPORT OF THE SUPERINTENDENT OF PUBLIC WORKS

To His Honor the Mayor and Gentlemen of the City Councils:

The winter of 1941 was not financially, a severe one. We paid for snow removal and sanding $8,319.64 as compared with $14,611.00 the previous winter. What the present winter holds for us can not be foretold. The problem of obtaining sand for all purposes is serious and expensive. Probably it would be cheaper to purchase a bank than to buy by the load.

We were able this year to curtail our oiling operations, the streets and roads being in very good condition as the result of previous liberal appropriations. We continue to believe the oil and tar treatment is the most economical method of maintaining our highways, particularly the hill roads.

We treated 26 miles of streets and roads, a total of 244,173 square yards.

We spent for labor $2,836.68, for materials $6,343.80.

The usual Spring and Fall rubbish collections were made, spending $637.72.

Spring Street has been resurfaced from Washington Street to a point near the top of the hill. Last year the street was widened and a cement walk and retaining wall constructed along the High School property. The improvement is marked.

Manchester Street was laid out this year from Main Street, through a corner of the City Pasture, and has been graded. Expense, labor and materials $362.79 and use of equipment $404.10.

Burdett street has been laid out, graveled, oiled, and water, sewer and drain constructed. The total cost was $1,043.02.

Residents of Woodbury Street petitioned relative to the surface water crossing the highway and interfering with the approaches to houses on the south side of the street some of which are lower than the street and much lower than the houses on the north side of the street. That section of the street was regraded and the north gutter lowered in attempt to carry the water toward Gilsum Street in the north gutter. Drain on the east end of the street was extended to the height of land and catch basin built. This should give some relief to the property owners.

Highway expense,	$492 85
Sand, oil, tar, etc.,	127 98
Use of equipment,	208 40
Instalation of drain and catch basin,	702 66
Total,	$1,531 89

An appropriation was made for rebuilding the Surry road from the Four Corners to the town line. The work was done by the State Highway Department and has been completed. The maintenance of this road will now be assumed by the State. Final figures as to the cost have not yet been received.

We have rebuilt or resurfaced with asphalt several sidewalks, notably in Main, West and Island Streets. A cement walk was built on the east side of Elm Street from Cross to Union Street.

$4,000 was appropriated for cleaning Beaver Brook. No work has yet been done except some preliminary surveys by the Water Resources Board. We find that in some sections this water way is used as a public dump. Only constant attention will remedy this condition.

Attention is again called to the West Street bridge, built in 1900. It is probably adequate for normal traffic for some time. However it is on the most direct route between Devens and Fort Ethan Allan and subject to unusual traffic. Recently this bridge was inspected by the State bridge department. The report indicated that it would have to be rebuilt or renewed soon and in the interim extensive as well as expensive repairs would be required.

We have also mentioned the bridges over the Branch. The south bridge was replaced in 1938-39. The north bridge which is a line bridge and subject to joint control by Keene and Roxbury, seems to be rather light for the present traffic.

We have just sold our old paver for $3,500. It was bought in 1928 at a cost of $5,473.04. The machine has been kept in good condition and under cover and illustrates the point that even our old and seldom used equipment should be properly cared for.

For two years trees have been set out under the general direction of the City Planning Board which seemed to be the desire of the Councils and the work put up to bids. The result has not been entirely satisfactory. It is our belief that the lowest bid may easily become the most expensive.

We always have ahead of us some projects to be carried out when conditions permit. This year we built a very substantial woven wire fence around the Beech Hill filter and underground reservoir. Under present conditions it becomes a safe guard.

The 12 inch water main through the Branch just east of South Keene has been lowered about 4 feet thus eliminating the possibility of damage by flood or through malicious conduct. It adds much to the safety of our water supply.

Many of our water gates have been in the ground so long that they are rusted and difficult to operate. This year we have replaced the one in Main Street at Railroad Square where the pipe goes under the railroad station. This is one of the most important gates in the City.

So many hydrants have been broken lately by motor vehicles that we have adopted the plan of placing a shut off between each new hydrant or replacement and the main. We think this will be appreciated by the immediate neighborhood as it will no longer be necessary to shut off their water supply while repairs are being made.

Since the construction of our filter beds some 800 new water connections have been made. These filters as well as the mains bringing water to the City are now taxed to their capacity. Very careful consideration should be given to additional connections.

Respectfully submitted,

ARTHUR A. WALLACE,
Superintendent of Public Works.

REPORT OF THE PARK COMMISSIONER

To the Honorable Mayor and City Councils:—

During the past year the W. P. A. labor, which had accomplished so much clearing in the parks since the hurricane, was discontinued in March and made it necessary to discontinue the work in the Drummer lot, where a start had been made in clearing some of this area for recreation use, with wading and skating pond, ski trails and coasting slides. While present conditions make its continuance inadvisable, it is hoped that the project may eventually be completed.

At Robin Hood Park, a considerable amount of work was done on the roads and trails and additional clearing done. New fireplaces and tables were built for both old and new picnicking places in addition to the usual care of this, the most popular of our parks.

At Ladies' Park, where the trees were practically destroyed by the hurricane and where lack of funds has prevented much previous work, a ruling of the City Solicitor permitted the transfer of $1,800 of the park appropriation and this, with the aid of generous gifts of $500 from the Rural Improvement Society and $225 from the Womens Club has made much progress toward its restoration possible. Six hundred large stumps have been removed by shovel and several hundred smaller ones by trucks, maple trees have been planted along Park Avenue and six thousand pine seedlings planted, roads have been restored and over a thousand yards of filling placed in low areas. It is hoped to do more grading and planting during the coming year so that this may soon be more attractive and useful than ever.

More clearing and grading was done in the Dinsmoor lots, five thousand more Red and Scotch pine seedlings planted and it is hoped to make some hard wood plantings here during the coming year. In Wheelock Park the roads were repaired and some additional plantings made but lack of funds has prevented the removal of the large number of stumps still remaining in the rear of the park.

Approximately $1,500 of the amounts received for salvaged timber still remains and is being used for restoration work as the areas are cleared.

Playgrounds at Robin Hood and Fuller Parks were operated successfully during the summer with increased attendance, particularly at the Robin Hood swimming pool; here, also, the two tennis courts were completed and were in constant use during the entire season. The customary circus, track and swimming meets were held with a record number of contestants and, for the first time, a pageant, written and directed by the instructors was given in the Robin Hood amphitheater. As long as weather permitted the ice at Robin Hood and the Appleton Street brickyard was cleared for skating last winter and the same is being done this winter, with attendants and the bath house at Robin Hood heated for the convenience of skaters.

Respectfully submitted,

R. T. KINGSBURY,
Park Commissioner.

REPORT OF CITY PHYSICIAN

January 1, 1942.

To His Honor the Mayor, and Gentlemen of the City Councils:—

I beg to report that during the year just closed, Relief Work has been at a very low minimum.

With the exception of an epidemic of colds, Lagrippe, and Measles during the month of January, whereby it was necessary to close the City schools and places of public entertainment to children of the school age, the public health has been of a good standard.

I wish to express my thanks to Mr. Paul Hayward and the District Nurses for their co-operation.

Respectfully yours,

W. F. TAYLOR, M. D.,
City Physician.

REPORT OF THE HEALTH OFFICER

To the Members of the Board of Health, Keene, N. H.:

I hereby submit a report of my work for the year ending December 31st, 1941.

Sanitary inspections of all places where food or milk is prepared for sale or sold at retail were carried out, also inspections of barber shops under the State Barber Law. Many complaints relating to public health were investigated and many unsanitary conditions cleaned up.

On January 15th, 1941 due to an epidemic of grippe and other contagious diseases causing many absentees from the schools, the School Board in conjunction with the Board of Health ordered all schools closed and all minors were forbidden to attend any indoor public gathering. After a marked decrease in the number of new cases reported the schools were reopened and the ban on attendance at public gatherings removed January 23rd, 1941.

The Health Department furnished to the school physician and the school nurse enough diphtheria toxoid to inoculate 181 children against diphtheria. This prevention measure has been very successful as there has not been a case of diphtheria in Keene for seven years.

Following many complaints of dumping rubbish into the various streams flowing through the city and particularly as Beaver Brook had been cleaned not long before, the Health Department bought thirty enameled steel Dump No Rubbish signs and the Public Works Department attached two of them to each bridge over Beaver Brook and several on the bridges over the Ashuelot River.

Following is a summary of the work done during the past year.

Inspections:—	
Bakeries,	9
Barber shops,	82
Bottling works,	3

EVAN C. WHITE,
Health Officer.

REPORT OF THE CITY ENGINEER AND BUILDING INSPECTOR

To His Honor the Mayor and Board of Aldermen:—

My report for the year of 1941 is herewith presented.

According to a state law, the boundaries of each town and city must be perambulated every 7th year and all corners and intermediate stakes must be verified and renewed. This year iron pipes painted red and white, about five feet tall and appropriately marked, have been used instead of wooden stakes on the lines between Keene, Sullivan, Gilsum, Surry, Westmoreland and Roxbury. It is to be hoped that these painted markers may be more easily found than the wooden stakes which were often found lying on the ground partially covered by leaves and undergrowth. The perambulation this year was difficult because of blown down timber. All stakes were found, however, and properly renewed.

Granite highway markers have been set on the new streets accepted this year including Manchester and Burdett streets, and on other streets when time was available.

Surveys and estimates of cost have been prepared for several proposed locations for a new municipal garage, and several estimates have been made for repairs to city hall, this repair work is now mostly completed, including hard plaster walls in the police cell block, also a new ventilation system, and upstairs a new hard wood stage floor has been laid and the ceiling and walls cleaned and newly decorated.

Surveys have been made for the City Planning Board, Cemetery Department, Public Works Department, and considerable time spent on surveys and plans for the Keene-Swanzey airport.

Permits to the number of 16 have been granted for the hanging of signs this year.

The Amended Zoning Ordinance passed this year by the City Councils made it necessary to bring the city map up to date by the addition of changes in streets, buildings etc. made in the past ten years. This plan has been completed, and the new zone districts properly placed thereon.

Building permits numbering 185 have been issued for construction work estimated to cost $285,030.00, included in this sum is $214,000.00 for new residences, $45,645.00 for business construction, the latter being mostly for alterations in mills and shops. The permits are as follows:

Single houses,	40
Single houses into double houses,	3
Two tenement houses,	1
Duplex houses,	3
Houses, (additions, repairs and alterations),	65
Stores and Shops (additions, repairs and alterations),	10

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY

To his Honor the Mayor and Members of the City Councils:

The Trustees of the Keene Public Library have held the regular quarterly and one special meeting during 1941. The various activities at the library are presented and discussed in the accompanying report of the librarian.

With profound sorrow, the Trustees record the death of one of their most valued associates, Mr. A. B. Palmer. He served on the Board for many years, for ten years as chairman of the administration committee. Under his guidance and supervision, the maintenance of the library was wisely and efficiently directed. Mr. Winfield M. Chaplin was elected to succeed him as chairman of the committee.

After twenty years of faithful service, Mrs. Lena Cragin Bishop retired from her position of library assistant. It was with regret that, at her request her resignation was accepted. Miss Ernestine Good was engaged to fill the vacancy on the staff.

The Trustees were pleased to accept as a loan from Dr. Sarah Stowell, a portrait of her son by Abbott Thayer.

A new card catalog was purchased this year. For the convenience of both those who manage and those who use the library, it is a notable improvement.

The Trustees wish at this time to express their appreciation to Miss Saxton and the library staff for their loyal cooperation.

Respectfully submitted,

RUTH P. HUNTRESS,
Secretary.

REPORT OF LIBRARIAN

To the Trustees of the Keene Public Library:

The report for the year 1941.

In the nation's plan for "Up-Building America" in the post defense program, "the importance of the role of libraries in that process is self-evident" writes the Chairman of the Committee on Post-Defense Planning and further adds "the library is indispensable among the community facilities in education, culture, recreation and art which should be expanded and emphasized."

In the year to come, it is our hope to take our full part in this broader program. As the year closes, we are already entering into the Victory Book Campaign for the benefit of soldiers and sailors which is being sponsored by national associations.

Prominent features of the work this year have been the re-classifying of one group of books to conform to recent changes in the Dewey Decimal system; the extension of work with the schools to include visits to all the schools of the city to supply books, pictures and exhibit material as needed for the State and local programs; placing a deposit at the Roosevelt school at the request of the teachers of the building with the expressed approval of the Superintendent of Schools; an open-house day during Book Week when many borrowers availed themselves of the opportunity offered to see, under guidance of members of the staff and with the aid of guide cards, the various steps in choosing and preparing books for circulation, the arrangement for storage of magazines, public documents, less used books and the valuable files of the Keene Sentinel and a mending exhibition. The latter attracted much attention especially from groups of Boy and Girl Scouts who, from seeing what happens through careless handling, it is hoped, will in the future treat volumes they borrow with greater care.

During that week, the Library Hall was opened to Scout Troops for their regular meetings at which the Children's Librarian gave explanation of the use of catalog and reference books in the Junior department or told stories as requested by the leaders. This is a time of the year when parents, teachers and friends have an unusually good opportunity to see and handle books and make choices of reading for the young people under their charge, through the exhibits on display, and we feel that it is a project very much worth while. Contests were also conducted which tend to acquaint the youth with world-wide known books and book characters. The Vacation Reading Club carries on this form of education combined with a good time. At the "party" given in October, Mr. Oscar Elwell kindly showed a film of pictures taken during a Western trip and Judge Jordan of the Trustees presented certificates of Good Reading to 27 boys and girls.

Two changes have occurred in the staff this year. Mrs. Lena C. Bishop retired in May after many years of efficient and faithful service. Her going was greatly regretted and she has been much missed by librarians and patrons. Miss Virginia Hall has resigned after nearly four years here to accept a position in the City Library, Manchester, N. H. Our best wishes for future advancement go with her. Miss Ernestine Good has been appointed assistant during the year. Miss Good comes with college and library training preparation and we have been glad to welcome her.

Book service to patients of the Hospital and to those interested in the Church Reading List and to High School students have been carried on as formerly also class work with the pupils of the Junior High Schools.

There have been two art exhibits which brought a good number of visitors and helped increase an interest in old and modern art and in arts and crafts as well. These were arranged by Miss Helena Putnam of Keene Teachers College and Mr. Darling, secretary of the Monadnock Region Association in response to the call for national and state "Art Weeks".

A new catalog case was purchased and installed in the summer and new furniture for the Reference Room has been ordered also bulletin boards which will help to call attention to displays of various kinds, local news items and events of wider significance.

In common with libraries throughout the country, due to business and social conditions, the circulation of books has decreased somewhat but the demand for books along the line of present interests—machinery, aviation, the army, the navy and defense, the war and the countries involved and public questions has increased, so that as well as furnishing much needed recreational reading, the library is aiding a serious desire for study on the part of many patrons.

All the members of staff have attended national, state or regional library meetings or study groups and the librarian and children's librarian have spoken on books and the library several times.

The librarian gratefully acknowledges help and cooperation of Trustees and assistants.

Following are the statistics and cash account.

Respectfully submitted,
MARY LUCINA SAXTON,
Librarian.

REPORT OF CITY SOLICITOR

To his honor the Mayor and Members of the City Councils:

Your City Solicitor reports activities for the fiscal year ending December 31, 1941 as follows:

At the beginning of the year the City of Keene was involved in the following suits:

Faulkner & Colony Manufacturing Company vs. City of Keene.

Golding Keene Company, et als vs. City of Keene.

John Elliot, Attorney vs. City of Keene.

These suits are all for the abatement of taxes and in the matter of Faulkner & Colony Manufacturing Company there are six separate suits. They have all been on the Superior Court list for sometime and have either been referred to the State Tax Commission or will be referred to Commission at a later date.

The actions brought against the City of Keene during the present year are as follows:

Bertha S. Whipple vs. City of Keene.

J. A. Wright & Company vs. City of Keene.

These actions are for the abatement of taxes and no hearings have as yet been scheduled.

There have been no actions brought by the City of Keene during the present year.

All criminal cases coming within the jurisdiction of the City Soliictor were prosecuted in the Keene Municipal Court. The Solicitor attended a majority of the meetings of the City Councils and has advised Members of the City Government and Officers of the City as to the law in various matters, also has drawn all the necessary agreements, deeds and other instruments requested.

Respectfully submitted,

WALKER S. KIMBALL,
City Solicitor.

January 1, 1942

TO The Honorable Richard Holbrook, Mayor,
the Board of Aldermen, and Gentlemen of
the Common Council, of Keene, New Hampshire.

SUBJECT Report of the Police Commissioners for 1941

The activity and arrest reports have been broken down as comprehensively as possible and are self explanatory.

The value of the two way radio installed during 1941, need scarcely be touched upon. It might be of interest, that in connection with this, a generator has been put into operation in the police station, that in the event of a power failure, will provide current sufficient for the transmitter and two receivers, and in addiion will light the police station and quarters.

A day cruiser patrol was inaugurated in October, 1941. The officer assigned, in addition to regular patrol and traffic work, investigated and closed 340 complaints, and effected 104 arrests. The fact that this cruiser was of course in direct contact with headquarters at all times enhanced its efficiency. The efficacy of this system has been definitely established, and provisions for continuance are recommended.

The need of a division of records and identification became increasingly apparent. Equipment was secured, along with the services of an officer capable of installing, and maintaining the bureau. Operation was commenced with a limited amount of equipment, due to financial considerations. This included a moderately priced camera, and other appurtenant supplies, and materials for the handling of fingerprint evidence.

It may be said that results have exceeded all expectations for the short period his division has functioned. Fingerprint impressions were taken of 803 subjects arrested or booked for night lodgers. As a result information regarding the criminal records of 604 of these subjects was secured and indexed. A total of 1,700 fingerprint impressions were taken for the combined criminal and civil file. Copies of these were sent to the State Police Bureau at Concord, and the Federal Bureau of Investigation at Washington.

The purchase of additional equipment in connection with the division is earnestly recommended.

An allotment of money was secured from the Works Progress Administration, to aid in the purchase of necessary supplies, and to defray expense of clerical help, to complete, and bring to date, all records or parts thereof, for the past ten years. The completion of all these records will not, in some cases, be possible, due to the fact that pleas and dispositions were not always recorded, nor proper descriptions taken.

The existing national emergency has clearly demonstrated the lack of certain necessary equipment in the Department. Through the cooperation of the Board of Aldermen, and the Common Council, and particularly the Police Committee, some of the deficiencies have been, and are being rectified.

Attention is, at this time, again directed to a shortage in the Department personnel. Proper functioning has been difficult, and will be increasingly so, if some provision is not made for additional men. Consideration of this is strongly recommended.

Also in connection with the national defense program, the Department has undertaken to equip and train an Auxiliary Police Force.

Personnel was chosen, having in mind past military service, educational and physical qualifications. It is believed the choice has been good. This group, when equipped and trained will have, as a combat unit, a striking power of about twice the number of infantry soldiers.

Their training in police proceedure, law, tactics and the use of firearms is being conducted by an officer with a comprehensive background in both military and police work.

The Department has made radical changes in system and policy during 1941, and it is felt that there has been considerable progress made in connection with the efficient functioning of the Department, as a result of the changes made.

The initiative and resourcefulness of the Chief of Police and the Police Committee are to be commended. The whole-hearted cooperation of the balance of the City Government has been appreciated, as has that of the Presiding Justice of the Municipal Court, the Clerk of the Court and the Police Officers themselves.

Respectfully submitted,
RUPERT ROBINSON,
Secretary Police Commission.

REPORT OF THE CHIEF ENGINEER OF FIRE DEPARTMENT

To His Honor the Mayor, the Board of Aldermen:

I hereby submit my report for the year ending December 31, 1941.

There were 34 bell alarms; 422 still alarms; making a total of 456 alarms. 24 of these were out of town.

The estimated value of buildings damaged by fire,	$569,800 00
Damage to buildings,	14,373 47
Insurance on said buildings,	482,350 00
Insurance paid,	14,325 47
Value of contents of buildings,	184,866 00
Damage to contents,	5,377 35
Insurance on said contents,	155,266 00
Insurance paid,	5,226 30

The number of alarms the department has answered for the year will be quite a number less than that of last year.

The fire loss also will be quite a lot less, as there has been no large fires during the year.

The Fire department inspections of the business and industrial places in the fire precinct, continues to show good results.

The fire department is starting a series of lessons on vocational training for auxiliary firemen, which consists of seven or eight lessons on firemanship, ten hours of first aid, also instructions on the handling of incendiary bombs.

The motor fire apparatus is in very good condition.

All pumping engines have been tested and they all showed reserve capacity.

There has been purchased for the department an Emergency Squad truck. This truck replaces the old Kissel Combination which has been in service since September, 1917. This truck has a 200 gallon pump, 150 gallon booster tank, also two hose reels with 200 feet of booster hose each. Carries 2,500 feet of 1½″ rubber lined hose, a 35 gallon portable pump, also indian knapsack tanks, shovels, forest fire rakes, and pails. This truck is completely equipped for forest fire service, also still alarms and small fires.

The department has on hand 10,550 feet of double jacket rubber lined hose, also 3,700 feet of 1½″ single jacket hose. There is 1,200 feet of linen unlined hose at South Keene in hose house, all unserviceable hose has been turned over to the Public Works Department.

The Fire alarm system is also in very good condition.

There has not been any extensions and very little repairs on the system for the year. There has been no new boxes installed this year on account of the Federal priority rating.

To His Honor the Mayor, Joint Standing Committee on Fire Department, Officers and members of the Fire Department, and to the Police Department, I extend my thanks and appreciation for the support and co-operation rendered me during the year.

Respectfully submitted,

EUGENE B. RILEY,
Chief Fire Department.

REPORT OF CITY AUDITOR

To His Honor the Mayor and Members of the City Councils:

I have examined the books, notes, deposit books and other securities belonging to the City in the hands of the City Treasurer and Trustees of Trust Funds and find them correctly set forth in the proper schedules to be printed in the annual report.

I have examined the books and vouchers of the several officers and find that collections and deposits for the year ending December 31, 1941, agree with the capitulation of receipts and expenditures reported by the finance committee.

I have examined, verified and allowed all claims paid by the City during the fiscal year amounting to $890,681.82.

The disbursements reported by the City Clerk agree with the entries made in the Auditors book.

At your request I examined the pay roll accounts of the New England Screw Co. and the Boston and Maine Railroad Keene Shops, for the year 1940 and find the figures agree with the figures submitted by them to you.

Respectfully submitted,

WALTER M. HUBBARD,
Auditor.

VITAL STATISTICS

VITAL STATISTICS

To His Honor the Mayor and Gentlemen of the City Councils:

In compliance with an act of legislature, passed June session, 1887, amended by the legislature of 1889, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the annual report," I herewith submit the following:

FRANK H. WHITCOMB,
City Clerk.
